ME(U)MORIES

The MU(U)MORIES project deals with senior citizens, promoting their active role in a local community, helps them to get up to speed with digital technology, improves their language skills and develops cross generation activities. The project activities will enable two different generations to better understand one another and to promote both Community and European spirit.

- Within the Memories project, EDUNET provided seniors citizens with ICT training, especially courses for grandparents with the aid of their grandchildren, and organize social activities to engage the seniors both in the modern , digital world and in the social community life.
- EDUNET cooperated with various public and private schools and non-governmental organisations in the region.

EDUNET PURPOSE

In the search of a job, many people travel abroad or in other parts of Romania, which results to the abandonment of the elders who are left behind without the proper care.

- Edunet will focus on the lonely elders or parents whose children are living abroad and they are left alone in residences or in day care centers. Edunet will undertake to organise in the project a language training course and a series of workshops where elders could learn how to use computers and communicate by e-mai, Skype or Messenger with their family and friends living in Romania or abroad.
